

## Why the PhD-Day at the "Politecnico di Milano"?

- Because the PhD-Day is an opportunity to exchange ideas on the role of PhD in the World of Business.
- Because the PhD-day is an opportunity to involve the business community in the education and training of PhD students at the Politecnico di Milano.
- Because the PhD-Day allows you to connect with innovative industries that increasingly need intellectual resources
- Because it helps you planning your future

The meeting includes the poster presentation of the PhD student's research and the oral presentation of the best doctoral thesis selected by a panel of industry experts.

Invited oral presentations from industries and academic organizations interested in this PhD School are also scheduled.

The PhD committee foresees and encourages the participation of Italian and foreign industries operating in the field of chemistry willing to know about our Doctorate school. Registration and catering are free, please register in advance.
